

# Eastern Cape: Keiskamma Trust learn how to start and run clubs

29th August

*South African Numeracy Chair Project - Rhodes University - Grahamstown*

A few months ago, Siyamankela Peyi from the Keiskamma Trust, a non-profit organization in Hamburg, Peddie contacted me. They were interested in our Maths Club model for the children they work with in the after-care space.

Yesterday we had our first club workshop here at the Education Department at Rhodes University in Grahamstown. As always, we play BEETLE to get the vibe going!

To get the vibe going  
we always start by playing  
"BEETLE!"

1st Maths Club Workshop with Keiskamma Education Trust  
from Hamburg, Eastern Cape - August 2018
